

Technical Datasheet

CRAMOLIN® SCREEN Art. No.132

Productdescription

SCREEN contains special dissolving substances to remove dirt and greasy films from glass, plastics, ceramics and metals. The additional antistatic effect noticeably prevents new soiling. SCREEN cleans gently and does not attack any material in common use. It will not smear, stain, scratch, streak or abrade.

Application

SCREEN removes dust, grease, dirt, fingerprints and nicotine deposits efficiently from computer, terminals, office and photographic processing equipment, graphic art tables, TV picture screens, mirrors and glass of all kind. It also improves the optical clarity and distortion-free reading. Its antistatic agent prevents renewed soiling.

Please note

Shake can before use. Spray thoroughly on surface to be cleaned. Allow the product to act and wipe off with a lint free cloth. To maintain the antistatic action repeats the procedure at regular intervals. Do not spray on a naked flame or any incandescent material - No smoking.
