

Test Report 1377543-01, English Version Dated 25.05.2009
Kleinmann GmbH, D - Sonnenbühl-Undingen

Sample No. 010/9188161
Order No. 1377543

Test result

The results showed that under the chosen test conditions the SDS (1% in water) caused positive reactions on 15 panelists. The negative control water showed no reactions. None of the test persons showed any reaction on the product.

Based on the chosen test conditions and the test results the product

Scrubs Handreinigungstücher (010/9188161)

is to be classified as **harmless** with regards to the possibility of skin irritation.

Yours sincerely,

SGS INSTITUT FRESENIUS GmbH
